But, like many others, last year was more characterised by regulation than buyouts, with GDPR looming heavily over the FT business. At one point, giant redwoods could be found almost everywhere in the world, but they are now found primarily in a narrow strip of land near the California coast. Eat Well is also human, and is about to find herself amidst the world of

vampires, and their complex politics and intrigues; whose dangerous games are far beyond what her investigative hypotheses would construe.

This style of cinema is not without its critics ranging from the lack of realism
